To: Whom it may concern

From: Daniel Cordell
Building Inspector/ Town of Black Mountain

Re: Tom Lasley dba: Lasley Construction Co.
NC Lic. # 54307

As the building inspector for the town of Black Mountain I have had many opportunities to work with Mr. Lasley on projects within my jurisdictional area over the years and have found him to be a very professional contractor. He has been very conscientious and thorough in his dealings with this department. His construction knowledge has produced fine residential units which far exceed what the building codes require. His latest project at Rainbow Terrace is an exemplary subdivision and has become an asset to the town of Black Mountain. Mr. Lasley is a true asset to the building industry.

Sincerely,

Daniel Cordell
